Just confirmed with Michael – we are good to go. Can you get some space? I also am headed to the KRCC meeting on the 27th and was going to offer if anyone would like to come on the 27th. Is that ok? I can let you know after the 27th what folks were interested in.

Thanks Jamie!
-Diane

Yes, we are interested. How does 1:30 PM on 11/2 work? Do you still need me to arrange a meeting space?

Hi – just checking in to see what the consensus was for a meeting Nov 2nd?

And just for clarification, you're asking if we have input on the example questions you send for the CIP? Are we to assume you'll be using the same questions for Kalamazoo? Or do you want us to answer those questions directly for our superfund site?

Hi Jamie – just following up from August – has your group gotten a chance to weigh in on the questions on the CIP update? I want to start planning on this...

Also – Michael Berkoff is going to be in Kalamazoo the week of October 17th – I was hoping to set up a chat with folks sometime that week between his meetings to talk about the Allied ROD – is that something your group would be interested in?

Thanks – I also invited myself to the river walking you and Michelle are going to do at the end of October – lets go find us some anglers!!

Subject: Meeting follow up from EPA

Hi Jamie – Attached are some sample questions that have been asked before. Please forward this along to whomever you think wants it...

The current Kalamazoo River Community Involvement Plan is here:
https://www3.epa.gov/region5/cleanup/kalproject/pdfs/kalproject_cip_200803.pdf

Let me know if there are any questions – I have not set a start date yet on when this will occur – but I will keep you posted.
